

DPS BT

BT module

1. GENERAL INFORMATION

Dear customer,

thank you for choosing our product. In the following, we will show you how to connect the BT module with the JT-DPS5005, JT-DPS5015 and the JT-DPH5005.

Should you encounter any unexpected problems during use, please do not hesitate to contact us.

2. INSTALLATION

The lab power supplies can be expanded with the BT module which allows you to control the power supply via your smartphone.

The module will be connected with this port and is immediately ready for use. This port is at a different position depending on the power supply.

Moreover, it is possible to mount the BT-module with one of the lab power supplies in the JT-DPS-Case which is optionally purchaseable just like the USB-Module.

First of all, attach the spacers at the module with two nuts.

The module will be screwed tight from beneath the case.

The module must be plugged in the main board. The case can decrease the range of the BT module

3. DECLARATION OF CONFORMITY

Hereby, Simac Electronics Handel GmbH declares that the radio equipment type JT-DPS-BT is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address:

www.simac-gmbh.de/CE/jt-dps-bt.pdf

4. FURTHER INFORMATION

Our information and redemption obligation according to the electro-law (ElektroG)

Symbol on electrical and electronic products :

This crossed-out bin means that electrical and electronic products do not belong into the household waste. You must hand over your old appliance to a registration office. Before you can hand over the old appliance, you must remove used batteries and accumulators which are not enclosed by the device.

Return options :

As the end user, you can hand over with the purchase of a new device your old appliance (which has essentially the same functions as the new one) free of charge for disposal. Small devices which do not have outer dimensions greater than 25 cm can be submitted independently of the purchase of a new product in normal household quantities.

Possibility of restitution at our company location during our opening hours :

Simac GmbH, Pascalstr. 8, D-47506 Neukirchen-Vluyn

Possibility of restitution nearby :

We send you a parcel stamp with which you can send us your old appliance free of charge. For this possibility, you must contact us via e-mail at service@joy-it.net or via telephone.

Information about packaging:

Please package your old appliance safe during transport. Should you not have a suitable packaging material or you do not want to use your own material, you can contact us and we will send you an appropriate package.

5. SUPPORT

If any questions remain open or problems arise after your purchase, we are available by e-mail, telephone and with a ticket support system to answer these.

E-Mail: service@joy-it.net

Ticket-System: <http://support.joy-it.net>

Telephone: +49 (0)2845 98469 – 66 (10 - 17 o'clock)
